27 June 1957

MEMORANDUM FOR THE DD/I

SUBJECT: Dissemination of National Intelligence Estimates

25X1

1. After my memorandum of 24 June was written I discovered that you were away. Consequently, I thought it best to attempt to resolve the matter by calling Howard Furnas directly.

2. Howard agreed with the procedure suggested in para. 5 of my covering memorandum of 24 June, and was well satisfied with the proposed memoranda to the IAC and S-DMICC, which I passed on to him in substance.

3. Jack Oliver also agrees with the procedure and draft memoranda. However, after discussing this matter, we thought it best to hold them another day or two for your final approval before sending them out as such a delay would hardly be critical in view of the weeks it took State to get its position straightened out.

4. If you approve, I will send out the memorandum to the IAC enclosing State's memo and the proposed reply to S-DMICC.

JOHN HEIRES

CC: Mr. Oliver
